

HUNDRED PERISH WHEN LINER  
COLLIDES WITH STEAMER AT SEA

Connemara Ripped Open By Retriever  
and Both Vessels Go Down  
ICY WATERS COMPLETE DEATH TOLL  
Early Reports Indicate That None  
Escaped Owing to Suddenness of  
the Impact.

(International News Service.)  
London, Nov. 4.—At least 100 lives were lost in the Irish sea last night when the steamer Connemara and the ocean tug Retriever collided during a hurricane off Carlingsford Lough, off the coast of Ireland. Early reports said that there were 300 passengers on the Connemara, but a telegram from the superintendent of the London & Northwestern Railway, owners of the vessel, this afternoon says that there were only 57 passengers, all British subjects, on board.  
Both steamers sank before lifeboats could be lowered and the only survivor is believed to be James Boyle, a member of the Retriever's crew.

(International News Service.)  
London, Nov. 4.—Three hundred lives were lost in a collision in the Irish sea when the passenger liner Connemara from Holyhead, England, to Greenmore, Ireland, was almost cut in two in a collision with the steamer Retriever.

The collision took place last night almost in the middle of the Irish sea, according to information reaching here today. Of the 300 passengers on the Connemara it is reported at Holyhead that only one was saved. Admiralty vessels were ordered to the scene of the disaster to search for possible victims. The majority of the passengers were men.  
Agents of the line were hopeful that the list of the saved might be increased when details are known. This is believed doubtful, however, as early reports say that the Connemara sank so quickly that it was impossible to lower her lifeboats and the water was so cold that there is no chance of anyone surviving, even though they were able to attach life preservers before the vessel went down.  
Later reports indicated that the Retriever also sank within a very few minutes after the Connemara went down. The latter was owned by the London and Northwestern Railway Company, and was used for the transfer of passengers between England and Ireland. The Connemara was a steel vessel.

Early Departure of  
Deutschland Expected

(International News Service.)  
New London, Nov. 4.—The Deutschland will be unloaded by tonight and ready to receive her big return cargo of nicks, rubber and other articles, which have awaited her arrival. Everything points to an early departure of the submarine.  
The utmost secrecy is being maintained by the customs officials with regard to the manifest of the vessel's cargo.

PRESIDENT'S RACE,  
TO END TONIGHT,  
CLOSEST IN WHOLE  
HISTORY OF NATION

FACTORS IN RACE MAKE OUT-  
COME SHADOWED IN GRAVEST  
DOUBT.  
(BY JOHN EDWIN NEVIN.)  
(International News Service.)  
New York, Nov. 4.—The 1916 presidential campaign will end at midnight tonight.  
The close will find both dominant political parties loudly professing confidence in Tuesday's outcome. In reality never before in the history of the United States, not excepting the Tilden-Hayes struggle, has the result been so clouded in doubt. This is due to factors which have entered American national life for the first time—the problems of the European war, the extension of the suffrage to the women of the west and the disintegration of the progressive party.  
All are material factors, any one of which may swing the election. The problem of where the progressive and women voters will land is one which has brought travail to the souls of the two party chairmen. However, both claim it.  
The campaign ends with Chas. E. Hughes, the republican candidate, the betting favorite in the Wall-street's sweepstakes. Out through the country the odds are more nearly even. It is generally accepted that the whole thing is a gamble and that it will be a "horse race" right down to the wire.  
Both Sides Are Confident.  
Both President Wilson and his republican opponent have had wonderful meetings in their tours of the west. President Wilson around up his campaign at Shadow Lawn today, while Justice Hughes was on the job here in New York. His wind-up also was record breaking in character. Justice Hughes and his friends, like President Wilson and his intimates, are absolutely confident that he is to be elected. Both national chairmen today were preparing their final statements on the outcome.  
Out of the chaos prevailing throughout the country it still was emphatically plain that the result next Tuesday will be a triumph for the candidate of the "unbranded voter," rather than for he who has the partisan support.

SECRET SERVICE TO  
ARREST THOUSANDS  
ON ELECTION DAY

WHOLESALE REPUBLICAN FRAUD  
TO BE NIPPED BY  
SLEUTHS.  
(International News Service.)  
Washington, Nov. 4.—Federal secret service agents today had completed plans for thousands of election day arrests in the election fraud cases in the middle west.

It was learned at the department of justice that a secret service agent will be stationed at practically every voting place in Ohio, Indiana and Illinois, and in many voting booths of other states, principally Michigan and the states lying on the west side of the Mississippi river.  
Every person under suspicion in these states will be arrested when he goes to cast his ballot. Officials today declined to designate the city at which it was announced the registration list had been padded with thousands of names.  
New York, Pennsylvania, Michigan, Kentucky and Montana this afternoon were brought into the group of states in which the department of justice is going to make hundreds of arrests on election fraud charges.

IT PAYS TO ADVERTISE.

Strasburg, O., is pretty much a one-horse town. It only has a population of 1,015. Its trade territory is not very large, for it is bounded on all sides by big cities, including Cincinnati and Cleveland. Compared to most of the little cities in Washington, it is not much of a place. Garver Bros. store, located in Strasburg, in 1915, did a business of \$427,735.97. When Mr. G. A. Garver, the manager, was invited over to Cleveland by the Ad club to tell how he did it, he went. And he told. His story may all be summed up in one statement:  
"Last year we spent \$15,360.47, or 3 1/2 percent of our sales, for advertising."  
The next time one of your merchants springs a hard luck story on you tell him about Garver Brothers' store. And don't forget to bear down hard on the fact that they spend 3 1/2 per cent of their sales for advertising.—Exchange.

SHADOW LAWN SEES VICTORY.  
Shadow Lawn, Long Branch, N. J., Nov. 4.—A veritable avalanche of telegrams poured in all day from Wilson campaign lieutenants in all parts of the country, all assuring the president that his re-election is "as good as won." From every state in the union came messages of good cheer and heralding certain democratic victory at the polls next Tuesday.

PHONE EXCHANGE  
TO BE ERECTED ON  
JOHNSTON STREET;  
SITE IS SELECTED

THREE LOTS ADJOINING PECK  
PROPERTY PURCHASED.  
BY JUDGE EYSTER.  
Announcement was made today by Judge John C. Eyster, representing the Southern Bell Telephone Company, that three lots had been purchased on Johnston street, on which will be erected the handsome telephone exchange that is to be erected in compliance with an ordinance passed last year by the city council.  
The lots are 25 to 140 feet, and are located next to the Peck lot, and on the north side of the street. The total frontage is 75 feet, and the cost of the lots, including incidentals was \$2,567. The property was bought from the Decatur Land Company.  
The building, ground for which will be broken at an early date, will be four stories in height. It will be of brick and will be constructed especially for telephone use. The structure will have a frontage of 40 feet and will be located in the center of the lot, leaving 17 1/2 feet on either side to insure proper light and ventilation. It is planned to have a telephone home of sufficient size to care for the growing business that will result from the expansion of the city.  
Switchboard Being Built.  
The big new switchboard which will be installed in the building is now being built, and will be one of the most modern and complete in the South. Owing to the fact that all orders of this kind are two years behind, it will not be completed for some months yet, and it is planned to have the building ready for its installation as soon as received.  
Under the terms of the agreement between the city and the telephone company, the exchange must be in operation within 30 months from the date of the ordinance, adopted last year.

PLAN FOUR STORY BRICK  
DRIVE IS NEAR TRIESTE

TREMENDOUS ASSAULTS MADE  
ON GERMAN POSITIONS ON  
SOMME AND VERDUN.  
All the allies are co-operating in an effort to save Roumania. It is the mightiest international stroke of arms that has been delivered against the German allies since the war began. Of all the attacks against the German allies, it is only on the Italian front that advantages of a decisive nature are being gained. The new drive against Trieste continues to make progress. In the battles since Wednesday the Italians have captured about 10,000 prisoners and hundreds of machine guns and have inflicted enormous losses on the Austro-Hungarians.  
The German war office announced that assaults were delivered last night against German positions on both the Somme and Verdun fronts.  
On the eastern front, in the Roumanian theatre and in Macedonia the allies are hammering away at the central power troops.

Artificial Coal May  
be Latest Discovery

(International News Service.)  
Washington, Nov. 4.—According to the state department a message has been received from S. H. Dennison, American consul at Christiania, Norway, reporting that R. V. Estrelencr, a Norwegian engineer of Gothenburg, has perfected an artificial coal substitute which stands all tests to which it is subjected. The discovery is declared by officials to have an important bearing on the future price of coal.

SCORE LOSE LIVES  
IN GAS EXPLOSION  
AT BESSIE MINES

Heavy Fatalities Result From Second Explosion  
Within Week in Birmingham District

NINE WHITE MEN AMONG THE DEAD

(International News Service.)  
Birmingham, Nov. 4.—Two dead bodies have been recovered and 22 men entombed in the mine were accounted lost late this morning as a result of a gas explosion at Bessie Mines, at about 2:45 o'clock this morning.  
Among the missing are nine white men and fifteen negroes, who together with two white men and three negroes who made their escape after the explosion, comprised the total number of men in the mine when the blast came.  
The Bessie mine is owned by the Sloss-Sheffield Co.  
John Drake, white, a fire boss, was in the eighth entry, right, when he heard the terrific detonation. In making his escape from the mine he found J. H. McGowan and three negroes, two of whom were Both Reed and Henry Steel, and guided them safely to an entry at Bessie junction, a quarter of a mile away. The two bodies recovered are those of Dave Gray, Lynn Woods or Frank Shark, there being some doubt as to identification.  
It became known late this afternoon that four more men were entombed in the mine, making the total number entombed in the mine following the explosion, 26.  
According to mine officials it has been established that some of the 26 men still in the mine are alive. This has been ascertained by the way in which they are taking the air through pipes. The slope of the heading is choked by debris and it is difficult to penetrate the mine. Dr. E. B. Sutton led a party of rescuers into the mine at 10:30 o'clock and they have not been heard from since. The government rescuers are equipped with helmets and are expected to return soon with more bodies.

STOCK COMPANY TO  
BUILD HOTEL BEING  
ORGANIZED BY  
BUSINESS MEN

ALBANY INTERESTS WILL BACK  
BADLY NEEDED ENTER-  
PRISE.  
ARCHITECT'S PLANS ARRIVE  
HOSTELRY WOULD HAVE 66  
ROOMS AND COST ABOUT  
\$60,000.

Plans for the erection of a handsome new hotel in Albany are now under way, and the architect's drawing of the proposed building has been received here.  
The hotel will consist of 66 rooms, will be of modern construction, and will be located in the business section of the city. A lot on Second avenue and Second street is now being considered as the site of the structure, but no definite arrangements have as yet been concluded.  
The hotel, if built, will be erected by a stock company of Albany business men. It is proposed to form a hotel building company, with a capitalization of \$50,000 to \$60,000.  
The plans for the proposed new hotel were drawn by a Chattanooga architect.  
Badly Needed.  
That a hotel in Albany is badly needed is the opinion of local business men, and this fact is responsible for the movement to form the stock company. There is at present no hotel within the corporate limits of Albany.

QUARLES PRINCIPAL SPEAKER  
AT MONDAY MASS MEETING

Plans For Organizing Board of Commerce to be  
Explained; Generals Issue Statements

The principal address at the big mass meeting to be held Monday evening at 8 o'clock at Albany city hall for the purpose of organizing the Board of Commerce will be delivered by Edwin L. Quarles, the McKeand Service expert, according to announcement today. Mayor E. C. Payne will preside at the meeting, which it is expected will be largely attended. In addition to the address of Mr. Quarles there will be a few brief talks by local business men.  
At the mass meeting no subscriptions or membership to the Board of Commerce will be solicited.  
The purpose of the meeting is to enlighten the public as to the plan of organization of the proposed Board of Commerce.  
At a meeting yesterday afternoon of campaign workers at the headquarters, 411 Second avenue, the various captains announced progress in building up their teams. This important step in the organization of the campaign will be completed during the day. A meeting of generals, captains and team workers will be held Monday at 4 p. m. at the headquarters for the purpose of effecting organization and also to receive the various cards of prospects who are to be solicited during the canvass, which begins Wednesday and continues through Friday. From the spirit manifested at yesterday's meeting of the workers there will be no lack of ginger and pep displayed in the campaign.

Official Statements.  
Announcements were issued this morning from the respective headquarters of the generals.  
Gen. W. R. Hall, commander of the Right Wing of the civic army, said: "No strategist would ever let the opposing commander know the plan upon which his campaign was to be waged. I will say, however, that I have mapped out a series of maneuvers which will prove overwhelmingly successful. I will precede my assaults with a curtain of fire that will clear away all barbed wire entanglements and other impediments and will leave an open path for an irresistible assault by my infantry. My captains and men are born fighters and I have no fear of the result. It's going to be a 'greater Board of Commerce for a Greater Albany.'"  
Gen. R. H. Wolcott, commander of the Left Wing, said: "Solomon somewhere declares in substance that a wise man does not boast when he girdeth up his loins; but waits until he putteth off his harness. I am leading as gallant a band as ever went forth to battle. I am relying largely on heavy artillery, air craft, battleships and light cruisers. All of us are for Albany, but I believe the zeal, the energy and the skill of my legions will make our banners victorious. While we are out to win, we will be magnanimous and will share the fruits of our triumph with every citizen. It's 'all for Albany.'"

## NEW YORK STATE IS THE GREAT BATTLEGROUND.

The old slogan "as goes Maine so goes the nation" is one of the time-honored battle cries that is of no real value in determining election results. It was coined by the republicans, and has done valiant service for them. The trend in Maine has in some instances indicated the trend of the nation, but the good old prohibition commonwealth has never swerved in its allegiance to the G. O. P. It is rock-ribbed republican, and when it votes the other way there is a defection within republican ranks.

The real determining factor in presidential elections is the state of New York. It is not of record that any president has been elected within recent years without the 45 electoral votes of that great battleground. It is entirely probable that the fate of Wilson and Hughes may hinge on the Empire state. Indications are that the national chairmen of the two parties think so, for as the campaign reaches its evening both have sent their strongest speakers—including the two national standard bearers—into this debated territory to make a last final appeal to the electorate.

New York state is always uncertain. New York City is always democratic. Gotham, however, is ruled by the chieftain of Tammany Hall, one of the great political autocrats of America. At his beck and call the well-oiled democratic machine "goes down the line" for the democratic presidential nominee, or it gives him merely a nominal vote, which means that the state will be found in the republican phalanx. This year how does Tammany Hall stand? The monster mass meeting Thursday night in Madison Square Garden, when 15,000 persons fought their way into the building without perceptibly diminishing the crowd outside, indicates that Tammany is heart and soul for Wilson. On the other hand, the fact

that Boss Murphy did not go to Shadow Lawn on "New York" day gives hopes to the Hughes cohorts. If Tammany delivers the goods, there is but little hope for Hughes, and Murphy led the torchlight parade for Wilson the other night.

Up-state New York is republican. Under ordinary conditions it is. In the present campaign there are many evidences of a change of sentiment. The farming class is leaning toward the president. This is due to the fact that the "embattled farmers" are not so anxious to fight as the republican reports might indicate. They are essentially for peace; they are independent; they are prosperous; they are pleased with the idea of a land bank, given them by the only president for a generation who has not truckled to the demands of big business. Political writers are of the opinion that Hughes will not come down to New York City with the usual republican majority.

Aside from this, in the factories of the Endicott-Johnson Shoe Company, located up-state, twelve thousand employees who have heretofore voted almost solidly republican, are going to vote for Wilson. The company has granted its men an eight-hour day, and the men are tickled. They are inclined to show their appreciation at the ballot box by voting for the president who did something practical to improve their working conditions. The change of vote in this one establishment is sufficient to swing New York state for the president, in the event of a close race.

Then the labor vote is to be reckoned with. It will go largely for Wilson.

Watch New York state as the returns begin to come in!

ALL TOGETHER!  
Under the guidance of the leading business men of the community Albany is taking a forward step in the organization of an up-to-date Board of Commerce.

There are compelling reasons at the present time why the citizens of Albany should invite a movement of this character. Albany needs factories, and factories may be landed by proper effort. They will not drift in, they must be sought.

Morgan county needs settlers; there is now a small but increasing stream of immigration to the South, and Morgan county is not getting its share.

There is no more desirable section, from a viewpoint of soil and climate than North Alabama; we who live here know this, but the great army of home-seekers never heard of us.

The development of Muscle Shoals is inevitable. When this tremendous force is harnessed, industrial development must surely follow. Those communities which are alert and prepared will profit most; those who wait and falter will be over-looked in the distribution of benefits. The time for action is now.

There are many other reasons why the citizens of Albany should come together in community enterprise. There are many desirable things to be done, and things that will be done when our citizens unite in a determined and serious effort at city building. Co-operation will make the task easy.

With a spirit of helpfulness and harmony permeating the community, projects that once seemed impossible

will be made easy; so join the Board of Commerce. Do more than join; give it service you owe it as a good citizen. Attend the mass meeting on Monday night. Help pack the council chamber.

Remember cities do not grow—men build them. No man can wear a prouder title than that of city builder.

Be one. All together!

Of all sad words  
That you may choose,  
The saddest of these  
Are Fairbanks and Hughes.

## Teague Home at Cullman is Burned

Loss Will be Several Thousands of Dollars, It is Now Thought.

The old Teague home in Cullman county, 16 miles out from Cullman, was burned early this morning, according to information received here by A. C. Teague, former alderman, who left on the morning train for the scene of the fire. According to early reports reaching Mr. Teague the house and contents were a total loss estimated at about \$5,000. The building was occupied by Mrs. George W. Teague, mother of the local man.

J. A. White, a well known Kentucky farmer, said he could beat his hands shaking corn after taking Tanlac.

## SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

## Voice of the People

Editor Albany-Decatur Daily:

The following is given in the hope of answering certain objections raised against the proposed educational amendment, which were published in the Thursday issue of this paper.

First. Voting for the educational amendment does not mean any more tax upon any one. This vote is to say whether or not the people of the various counties shall have the right of taxing themselves for school purposes. If the amendment carried, then the voters of the county, before a tax can be levied, must call for an election setting forth the purpose of the tax, the rate, and the time it is to continue.

If the electors of any county should decline to call for such an election, no tax for school purposes could be placed upon them. Should the question come to a vote and a majority cast their ballot against such a tax, then no tax could be levied.

It is not a question now of increasing taxes, it is a question of having the privilege of doing so.

Some of our counties are anxious for such a tax, but they cannot have it without the consent of other counties of the state. Is it not right that we should give them this privilege? It is an equitable tax and for a worthy cause. How, then, can the voters of any county get their consent to stand in the way of the progress of their fellows?

Second. The majority of the school patrons are now paying more in fees and supplements to operate their schools than they would pay in the form of a local tax for the same purpose. Hundreds of school patrons are not tax payers, but they do have to pay fees, and, in the rural districts, they have to supplement the state funds by large amounts to get the privileges of good schooling. A local tax would not place one cent burden upon these people, but lessen their fees and supplements or remove them altogether. The amendment is for the relief of the poor man.

Third. As for giving of our possessions to help others, this is our duty and should be a pleasure. The strong must help the weak, for in so doing they are performing a Christian service.

If the corporations, large business interests and wealthy individuals of our state were not taxed now to help the parent school his child, the burden he would have to bear would be heavy indeed.

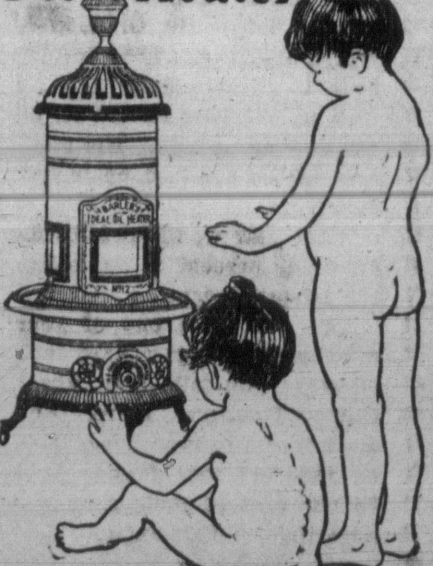

Morgan county pays into the state treasury for educational purposes \$30,769.44 and receives from the treasury for the same purpose \$32,892.96. This means that the wealth of the state outside our county is contributing to help us educate our children. This is right and should continue. It is also right that all the wealth of the county should contribute directly to the educational needs of this county. It is right for the fortunate to help the less fortunate, for, if the load is to be carried, each must pull according to his strength.

The most heavily taxed institutions and individuals of this county are for the amendment. They are interested in the education of all the people. The small tax payer and the man who pays no tax at all should be for it, for they receive directly the benefit.

It will be a bright day for education in Alabama when we amend our constitution as is now proposed.

They like its power—it's the world's most powerful low priced car.

Everybody concedes its beauty.

It wins on economy.

But its roomy seats, deep upholstery and easy riding cantilever springs—

These things make it so amazingly comfortable that people can hardly believe their senses.

You wouldn't think that a small, light, economical, low priced car could be so comfortable.

But come in and let us prove it to you.

Won't you contribute something towards supplying the needs such as chickens, potatoes, eggs, butter and cream, for the supper on Tuesday evening, the 7th, and dinner on Wednesday, the 8th, to be given at the Malone garage as a benefit for the Benevolent hospital. Contributions can be left at the Malone garage. What could be nicer than a theatre dinner party? The service will be such that your plans will carry for things will be in readiness by 5:30 and continue until 8 o'clock.

**McLESKEY-COOPER.**  
A telephone message announced the marriage at Birmingham this morning in the Methodist church of Miss Grace McLeskey to Mr. Kenneth Cooper. Mr. and Mrs. Cooper are expected to arrive here on tomorrow. The principals are popular in all circles in these cities; the bride, a daughter of Mr. and Mrs. E. W. McLeskey, one of our most beloved daughters. The groom is an attorney-at-law in Decatur, and has taken high rank among the young lawyers practicing at this bar.

**SHOWER FOR MR. AND MRS. HARRY WYATT BY THE M. P. B. C.**

Mrs. Payne's Bible class complimented Mr. and Mrs. Harry Wyatt with a shower Friday evening in the class room. Pretty decorations, carried in autumn leaves and the Halloween motif, made the room most attractive; grinning jack-o-lanterns lent their flickering light; at one side was a tent, where dwelt the witch and the proverbial black cat. Mrs. Payne masqueraded as witch and showered the pair. Late, light refreshments were served. Many beautiful presents were showered on the popular couple by their class mates.

**NEEDLE CLUB ENTERTAINED BY MRS. SENECA BURR.**

Friday from 12 to 4, Mrs. Seneca Burr entertained the Needle Club. On leaving the train at Trinity the ladies walked up the mountain to the beautiful residence. The trees of the approach formed a brilliant multi-colored archway, colored “by the Sovereign Artist, who has left nothing in all His works but what is regular and orderly.”

The living room decorations harmonized with the approach, using the beautiful leaves; the color note of the dining room was different, using specimen yellow chrysanthemums and the greens. An elegant luncheon was served at four tables. The afternoon was one of pleasure, spent in the perfection of domestic art on Christmas presents.

**MRS. J. W. CLOPTON COMPLIMENTS MISSES PENNEY.**

This morning Mrs. J. W. Clopton complimented the Misses Penney, of Huntsville, with a bridge party. Two tables were arranged in the white and green decorated rooms; greens and white chrysanthemums being effectively used. Those playing were: Mesdames Herbert Odom, Mert Morrow, Stanley Green, Misses Elizabeth Speake, Vivian Tilman, Inez Hartzes, Julia and Josephine Penney.

**MRS. PENNEY COMPLIMENTS HER GUESTS.**

Misses Julia and Josephine Penney shared honors Friday morning, when their hostess, Mrs. Lamar Penney, entertained three tables at rook. The card rooms were beautiful with bowls of gift flowers. Those playing were Mesdames Wm. Steed, Frank Lide, Chas. H. Eyster, Earl Calvin, Zeno Bailey, Harry Wyatt, J. W. Clopton, J. W. Cunningham, T. H. Alexander, Misses Penney and Mary Penick. A delightful salad was served at the conclusion of the game.

**DECATUR DRAMATIC CLUB.**

The initial meeting of the Decatur High School Dramatic club was held Thursday, when the following officers were elected: President, Miss Lula Garnett; first vice-president, Miss Christine Woodard; second vice-president, Miss Anna Bailey; Miss Jane Knight, treasurer, and Miss Madge Bullard, secretary. Interesting work on “Breezy Point,” a play to be presented before the holidays, is progressing.

**DANCE THIS EVENING AT COLONIAL CLUB.**

The usual Saturday evening subscription dance will be given tonight at the Colonial club. Dancing will begin promptly at 9:30 o'clock.

**COMPLIMENT TO MR. AND MRS. ZENO BAILEY.**

## Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Anurie." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anurie Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. Wm. KELLER.

NOTE: This "Anurie" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys. Patients having once used "Anurie" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anurie" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.
